MAURY REGIONAL MEDICAL CENTER RECOGNIZED FOR QUALITY CARE IN KNEE AND HIP REPLACEMENT

COLUMBIA, Tenn. — Maury Regional Medical Center (MRMC) has been designated as a Blue Distinction® Center for Knee and Hip replacement by BlueCross BlueShield of Tennessee (BCBST). The designation is awarded to medical facilities exhibiting a commitment to quality care, resulting in better overall outcomes for patients who undergo knee and hip replacement procedures.

The goal of the Blue Distinction® Center designation is to help those insured by BCBST find quality specialty care on a consistent basis, while enabling and encouraging health care professionals to improve the quality and delivery of care. To be considered for the designation, medical facilities must submit clinical data to establish that they meet objective, evidence-based thresholds for clinical quality.

“We are pleased to have been recognized by BlueCross BlueShield of Tennessee as a facility that demonstrates a commitment to quality care in the area of knee and hip replacement,” said Chief Executive Officer Robert Otwell. “I would like to thank the orthopedic physicians and staff members for their dedication to providing quality care for our patients.”

MRMC offers a wide array of orthopedic services, from minimally invasive outpatient procedures to comprehensive knee, hip and shoulder replacement. The team of board-certified orthopedic surgeons on the medical staff works with nurses and therapists trained in the care of orthopedic patients to provide positive outcomes for patients.

About Blue Distinction® Centers:

Designation as Blue Distinction Centers® means these facilities' overall experience and aggregate data met objective criteria established in collaboration with expert clinicians' and leading professional organizations' recommendations. Individual outcomes may vary. To find out which services are covered under your policy at any facilities, please call your local Blue Cross and/or Blue Shield Plan; and call your provider before making an appointment, to verify the most current information on its Network participation and Blue Distinction status. Neither Blue Cross and Blue Shield Association nor any of its Licensees are responsible for any damages, losses, or non-covered charges that may result from using Blue Distinction or other provider finder information or receiving care from a Blue Distinction or other provider.

About Maury Regional Medical Center:

Maury Regional Medical Center is a 275-bed facility that serves more than 260,000 people in southern Middle Tennessee and has a medical staff of more than 185 physicians. From a comprehensive interventional and surgical heart program with chest pain center accreditation to a neonatal intensive care and cancer center, the medical center offers a wide range of advanced services. In the past three years, the medical center has been recognized as a 100 Top Hospital, Top 50 Health System, Premier Award for Quality winner and Excellence Award winner by the Tennessee Center for Performance Excellence.
